

Vast WT Expansion Approved

Students Receive Degrees

Some 350 anxious West Texas State College students, dressed to the hilt in their academic robes, received degrees Sunday at impressive Spring convocation ceremonies.

The graduates also heard Dr. Harrell E. Garrison, president of Northeastern Oklahoma State College, urge them to continue their education.

More than 5,000 persons -- proud parents and visitors -- ignored threatening weather to witness the processional and ceremonies.

Dr. James P. Cornette, WT president, conferred the degrees. He was assisted by Dr. Walter H. Juniper, dean of the college, and Dr. James L. Russell, graduate dean.

Lt. Col. Edward L. Lindsey, retiring professor of military science and tactics, conferred commissions as second lieutenants in the Army reserve to 25 seniors.

Lindsey himself was honored at the ceremonies, receiving the Oak Leaf Cluster to his Army Commander Medal.

It was presented by Col. William Brown, professor of military science at Texas Technological College.

The Rev. John Lars Hamerison, pastor of the First Presbyterian Church, delivered the invocation.

The musical portion of the program was presented by the WT Grand Choir and Concert Band.

Separate Regents Talked

By WILLIAM PEART

John B. Connally, Democratic gubernatorial candidate, said here Tuesday a separate board of regents for each state college should be explored.

"It makes a great deal of sense," Connally said in answer to a question which pin-pointed a distinct board for West Texas State College.

"To be effective," he added, "the regents must have a working knowledge of the school that they are going to administer."

Connally, who was in Canyon about an hour, said he was referring to "all" state colleges. "I do think it is something we ought to explore," he said. Under the present system, there is one board of regents for several state colleges.

Connally, who faces Don Yarborough of Houston in the June 2 runoff election, said he is "real pleased" with the reception he has received in West Texas.

"Everywhere we go we find tremendous support," Connally, President Kennedy's first secretary of the navy, said. "I am truly heartened," he added.

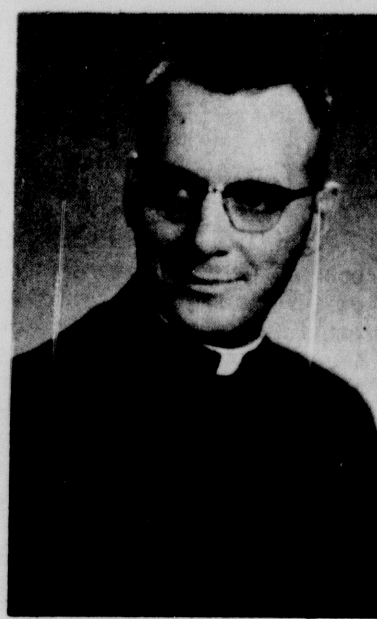

Connally said he visited with defeated candidate Marshall Formby of Plainview earlier in the day and was "very happy" with their meeting.

Formby has not publicly endorsed either of the run-off candidates.

Formby led the ticket in Randall County.

Some two-dozen area supporters attended the coffee at Weaver's - Dine - A - Teria. Connally, who will meet Republican nominee Jack Cox of Breckenridge if he wins the runoff, also briefly toured the Panhandle Plains Historical Museum with Curator C. Boone McClure as his guide.

He went to Amarillo from here.

FATHER JAMES A. COMISKEY

Local Pastor Takes Post

The Rev. Father James A. Comiskey will leave St. Ann's Church Tuesday to prepare himself for work in South America.

"Working in Canyon has been a very happy experience," Father Comiskey said, adding: "I have been very fortunate in making friends here. Everyone with whom I have had any dealings while in Canyon has been most kind and considerate. Leaving Canyon will not be easy."

St. Ann's members will give a farewell "pot-luck" supper for him at the American Legion Hall beginning at 7:30 p.m. Sunday.

The public, regardless of church affiliation, is invited. His decision to volunteer for service in South America for a minimum of three years was announced at the Masses Sunday.

Father Comiskey's replacement has not been named.

He was appointed pastor of St. Ann's and director of the Catholic Newman Center in August of 1958. Since then, the church has experienced a slow and steady growth.

Father Comiskey will spend two weeks with relatives in Kansas, returning to Amarillo and then leave Texas June 14 for Cuernavaca, Mexico.

He will be at the Center of Intercultural Formation in Cuernavaca four months for an intensive course in language fluency, cultural and professional adaptation, field work and spiritual formation.

Then he will be assigned to South America, probably to a (See LOCAL, Page 3)

Multi-Million Dollar Program Is Slated In Next 15 Months

By TROY MARTIN

The board of regents early this week approved a multi-million dollar program of improvements for West Texas State College. Business Manager Virgil Henson told members of Canyon Lions Club that the vast building program will be carried out on the West Texas campus during the next 15 months.

Heading off the program will be construction of a livestock judging arena to be used in connection with the vocational agriculture department.

Henson paused briefly to pay tribute to Charles Smallwood, head of the agriculture department, for his service in that field.

A new maintenance warehouse 100 feet by 200 feet will be erected to replace a temporary maintenance building which has been used since 1946.

Henson said plans call for building a 75 foot by 130 foot dressing facility for the physical education department. Three football fields and an ROTC drill field will be provided for the physical education department.

Possibility of constructing a co-op dormitory for women now is under study. This facility would permit light housekeeping.

Henson said college officials are hopeful of receiving a \$11 1/2

million grant by the end of the summer to be used in construction of a research center. The school has the green light to borrow money from the government to build two new dormitories for boys and one for girls as well as a dining facility.

The boys' dormitories would accommodate 384 persons while the girls' dormitory would be designed to house 192.

Henson said there had been some serious consideration given to abandoning the college building program.

"We could settle for a college of 2500 students and let it go at that," he said. "There still are some people who would do some things to interfere with the growth of the college."

"We at the college have not lost faith in the college, the faculty and the town," he said.

Henson said the school has received some letters from area people saying they will not send their children to school here because of some things that have happened.

"We hope you have not lost faith in us," he concluded.

Also on the program was School Superintendent Joe Gibson, who outlined Canyon School's current building program. Gibson said present plans call to begin constructing a new elementary school building late this summer or early in September.

Dick White had the Boy Scouts of America's Eagle Award pinned on him by his brother, Tim, during a Troop 66 Court of Honor Monday night.

They are the sons of Mr. and Mrs. Bob White.

Louis Machuca presented the Bronze Palm -- an addition to the Eagle rank -- to Kenny Crossland and Joe Gibson awarded the Life rank to David White.

First Class, Joe Gidden: Mike Bellah, Ronnie Wooten, Howard Gidden, Lynn Kelley, Mike Faulk, Pat Jarrett and Jon Lair.

Second Class, Dr. W. J. Wooten: Ronnie Russell.

Tenderfoot, Davis Price: Bill Hardaway, Jim McBroom, Chuck Hester, John Harper, Robin Upfold, Ricky Wilson and Stanley Hicks.

Oscar Hinger delivered the welcome address, LeRoy Moreland presented the merit badges and Larry Brotherton was in charge of the special awards.

The troop is sponsored by the First Christian Church.

Open House Set By Department

The Texas Highway Department will hold open house at the resident office on west U.S. 60 between 8 a.m. and 5 p.m. tomorrow.

"I would like to extend a most cordial invitation to the citizens of this area to visit our open house," William V. York, resident engineer, said.

The operation of the department will be demonstrated throughout the day.

May 20-26 has been designated National Highway Week.

87 CHS Seniors To Get Diplomas At Exercises

Exactly 87 Canyon High School seniors are expected to walk across the auditorium stage tonight and receive their diplomas, signifying the close of their public school education.

Dr. F. W. Mattox, president of Lubbock Christian College, will deliver the commendation address to the 1962 graduating class.

The ceremonies will begin at 8:15 o'clock with a musical prelude and processional offered by Mrs. Lee Foster.

The Rev. Aaron D. Mann, pastor of the Calvary Baptist Church, will deliver the invocation and Joe A. Gibson, superintendent of Canyon Public Schools, will introduce Dr. Mattox.

Gibson will also present the senior class and Bob Wear, president of the Board of Trustees of the Canyon Independent School District, will award the diplomas.

James E. Miller, principal of CHS, will announce the honors.

The platform guests will be the board of trustees.

DR. F. W. MATTOX

The benediction will be said by the Rev. John Lars Hamerison, pastor of the First Presbyterian Church and Mrs. Foster will play the recessional.

Dr. Mattox, a native Texan, received his B.A. degree in 1934 from Central State Teacher's College in Oklahoma. He won his M.A. degree from the University of Oklahoma in 1940.

George Peabody College conferred the Ph.D. degree upon him in 1947.

He became the first president of Lubbock Christian College in 1956.

He is a director of the college's American Heritage program, which received the George Washington Medal of Honor from Freedoms Foundations in 1960.

Dr. Mattox is a member of his college's speakers bureau and is noted for his addresses on Americanism and the Communist threat.

Last Sunday, the students heard the baccalaureate sermon delivered by Mr. Wear.

Waugh Elected President Of Randall Cancer Group

Dr. Kenneth Waugh, director of student personnel service at West Texas State College, is the new president of the Randall County American Cancer Society.

Dr. Waugh, active in the county chapter for two years and who has directed the WT contributions campaign, succeeds Dr. Thomas MacOwan.

Named at the chapter's final meeting of the fiscal year last week were:

Dr. Leta Boswell, vice president; Mrs. R. B. Gist, Jr., re-elected secretary; and James Cole, re-elected treasurer.

Named to the board of directors, with terms to expire in 1964, were:

Raymond Battenhorst, James Cole, Huelyn Laycock, O. W. Parker Jr., Dr. J. B. Roberts, Dr. J. S. Urban, Charles E. Wright, Mesdames Frank Begett, Alfred Bellah, Scott Downing, Pete Fischbacker, Jim Fletcher, Hosea Foster, Jack Swartzell, and Miss Helen White Moore.

Dr. Waugh will be the delegate to the annual meeting, Texas Division, in the Fall. An alternate will be named later. Delegates to the annual meet-

ing, District 3-North, will be Dr. MacOwan, Dr. Waugh, Dr. Boswell, Mrs. Gist and Cole.

Dr. James Glenn, Amarillo, was speaker at Thursday's meeting in the WT Fine Arts Building.

Contributions in the Canyon area for the 1962 Cancer Crusade have exceeded \$2,200.

VFW, Legion Set Services

The Rev. John Lars Hamerison of the First Presbyterian Church will deliver the sermon at the annual Memorial Day Service at Dreamland Cemetery beginning at 10 a.m. Wednesday.

The Veterans of Foreign Wars and the American Legion will jointly sponsor a flag-raising ceremony on the cemetery grounds attended by an honor guard.

The service will be in memory of all veterans and other persons interred at Dreamland.

Officials urged all interested persons to attend the memorial service.

Cleanup Drive To Be Longer

We'll do it differently in Canyon this year, folks, and that means we'll do it more thoroughly, too.

The Chamber of Commerce's Community Development Committee has decided that this year Canyon's annual Cleanup Campaign will be conducted for three months -- in June, July and August.

Previously, you'll remember, only one week was devoted to beautifying the city.

The committee plans to meet with the "presidents of all service clubs, non-service clubs and the president of the ministerial alliance and ask them for their help and cooperation in the promotion of the Cleanup Campaign."

Committee members are chairman, Jerry LaGrone, Mrs. Clyde Warwick, Mrs. R. A. Neblett, Dr. Leta N. Boswell, Dr. J. A. Hill and Bill Davis.

The members feel a three-months campaign will bring better and more lasting results.

Stores To Close

Most Canyon business establishments will be closed Wednesday, Memorial Day. The Business Development Committee of the Chamber of Commerce has designated it a holiday.

Hilltop Views

From Maine to California and from Florida to Washington (state) the eyes of America are focused this week on education--particularly public education. And well they may be. It is the most important enterprise, religion excepted, in all the world. Years ago someone made the declaration that our public school system is our country's greatest contribution to world civilization.

This column accepts that statement as probably true, and adds another: In the American free school system, more than anywhere else, lies the safety of this republic. In 1960-61 there were 37,244,284 children enrolled in the public elementary and secondary schools of this nation. This was 82.7 per cent of the population 5 to 17 years of age. They were taught by 1,526,078 teachers -- the largest body of dedicated public servants in the free world. (This column recognizes that there are a number of ill-prepared and un-dedicated people in the teaching profession, but the percentage is low). The average teacher-pupil ratio is approximately 1 to 25.

According to a recent research bulletin of the National Education Association, from which most of these data are taken, "the average salary of the instructional staff in 1960-61 was estimated at \$5389, with a purchasing power of \$4250 in 1947-49 dollars." Texas is considerably below this average.

"The average age of public school teachers is about 41 years; of superintendents, about 52 years."

Seventy per cent of the men and 62 per cent of the women are married.

"On the average public school teachers have 14 years of teaching experience."

In this connection this column wishes to emphasize, as it has done previously, that the teacher is by far the most important single factor in the school. As my distinguished predecessor at West Texas State, Dr. R. B. Cousins, so often said: "There are no good schools without good teachers." School superintendents, principals, and Boards carry no greater responsibility than that of employing and keeping superior instructors. Buildings, books, equipment, even athletics, or all of these combined are not as essential in a good school system as is the instructional staff.

Under the impact of our system of public education illiteracy in this country is gradually disappearing. For example, in 1900 10.7 per cent of our adult population could not read or write. Today, only 2.2 per cent are thus handicapped. Literacy functions directly in the quality of citizenship. Freedom cannot survive on a foundation of ignorance. "Education," said President Cousins, "is the shortest distance between savagery and civilization." He who best serves children in a free society best serves his country.

If the 37,000,000 American children who are in public schools today go wrong what chance do preachers, lawyers, doctors and others have to save the freedoms vouchsafed to us by those who gave us our country? What chance do legislatures, governors, Congresses, courts and Presidents have? Only the homes and the churches will stand between us and total decay, and these will be so eroded as to be ineffectual.

But do not misunderstand me. I am not saying that our schools are faultless. They are human institutions and have human weaknesses, just as do our courts, our legislatures, our Governors and Presidents, our newspapers, our health service, and even our homes and our churches. What I am saying is that our public schools are doing an excellent job at an essential place in the life of this republic, and that it is well to keep this in mind when one feels disposed to be severely critical. Tampering with foundations is dangerous to the superstructure.

York Urges Lots Cleared

Canyon property owners whose lots need mowing can probably expect a "please get with it" letter from City Manager Bill York before too long.

That's because Canyon's Home Rule Charter requires that all lots be kept free of brush, weeds and rubbish.

The reason, of course, is that lots littered with debris and grown up in weeds presents health and fire hazards.

The lack of equipment prohibits the city from doing the lot mowing and cleaning.

But the city is serving as a clearing house for property owners without mowing equipment and for other citizens who

have the facilities for hire. "Just call City Hall -- OL 5-2593 -- and tell us whether you need equipment or whether you have equipment for rent and we'll see that the information is exchanged between the proper parties," York says.

A \$10-a-day fine can result if property owner fails to clear his lot after being notified to do so.

Additionally, the city has the authority to do the clearing and then bill the owner.

Your Better Hearing

Last week, I mentioned that about ten percent of the population had some form of hearing difficulty. Are you in the ten percent?

Have you noticed lately that you have to ask others to repeat? Does it seem that others do not speak as clearly as they used to? Or, does your child fail to respond to your call from another room?

It could be that these are indications that you or your child are not hearing well.

It is important to have your hearing checked regularly. Often, hearing losses are discovered before the person himself realizes he has lost some of his hearing.

When found in time, many people may be helped medically or surgically. If one waits too long, it is possible that the lingering loss may become permanent.

There are definite steps to be followed in obtaining a hearing test. First, one should go to his doctor to have his ears examined.

One of the most common causes of hearing problems is impacted wax in the ear which occludes the hearing process. The doctor can remove this wax and relieve the problem easily.

I would offer one word of caution at this point. Many persons attempt to clean the wax out of their own or their children's ears with a bobby pin, a pencil or some other pointed object.

This is dangerous. It is entirely possible that this object could, if handled poorly, puncture the ear drum or cause an irritation on the walls of the ear canal.

Removal of excess wax is only to be attempted by a doctor. One should never put anything smaller than his elbow in his ear.

If the doctor feels a hearing test is in order, you will be referred to a hearing test center such as the one located on the campus at West Texas State College.

At this center, a complete evaluation of your hearing will be made and a report will be sent to the doctor who referred you.

The audiologist at the hearing center is not qualified to make a medical diagnosis, but his report to the doctor will give a clear picture of a hearing problem, if present.

Next week we will discuss the subject of wax and objects in the ear.

Proclamation

WHEREAS, the people of Canyon and Randall County for generations have enjoyed a high standard of healthful living in which dairy foods provide an important share of the well-balanced diet, and,

WHEREAS, the dairy industry is an important part of the economy of our community with farm families producing nature's most nearly perfect food on a highly efficient basis so that all our citizens can enjoy milk and milk products in our diet at a very low cost, and,

WHEREAS, every man, woman, and child benefits from the physical well-being and wealth which originate from the dairy industry and its products.

NOW, THEREFORE, I, Delbert E. Lowes, Mayor of the City of Canyon, in recognition of the opportunities presented for constructive public service, do hereby proclaim the month of June, 1962,

DAIRY MONTH in the City of Canyon, and do urge civic and business associations to cooperate in this observance in public and private in order that we may enjoy improved health and increased prosperity.

There is a story going the rounds that Billie Sol Estes is supposed to have asked Lyndon Johnson several months ago if the government grain storage program would continue.

"Are they going to shoot Santa Claus?" the vice-president is reported to have quipped.

This incident is supposed to have taken place in Albuquerque several months ago.

Time Magazine says Texas Senator Ralph Yarborough has been spattered with dirt from the Estes case. Yarborough has admitted receiving \$7,500 as political contributions from Estes, according to Time.

Time hints that some startling developments may come with the explanation of three checks totaling \$145,015.14 that Estes is reported to have drawn on a bank account in Pecos last January and then cashed in Austin before taking off on a trip to Washington, D.C.

Time said the Estes contributions to Yarborough did not seem extraordinary. "But what did seem strange," Time continued, "was the evidence that Yarborough had used lots of influence to help Estes out of his difficulties with the Agriculture Department."

Time all but accused President Kennedy of falsehood in his claim that it was the federal government which laid Billie Sol by the heels. Time gave all the credit to Oscar Griffin, former editor of The Canyon News for uncovering a scandal which may make the Teapot Dome seem like back fence gossip.

We haven't talked to Griffin. We hope to do so soon. His name is on our list of newspaper heroes. We're willing to bet that he was shushed by some Estes apologists whose only argument was, "You'll ruin Pecos."

Thank God for an Oscar Griffin who had the guts to go ahead.

A Board For WT

(An Editorial)

Two major candidates for governor -- John B. Connally and Jack Cox -- have expressed themselves favorably inclined toward a separate board of regents for West Texas State College.

At present the same board which governs West Texas also governs several other state colleges. Members of the board come from the four corners of Texas.

This makes the scope of their task so great as to preclude giving lengthy consideration to the needs of any single school, much less the needs of any single department in those schools. West Texas State College serves a vast area. Its possibilities are great. It soon should become a university.

It needs the single-minded attention of a board dedicated to its advancement.

We envision the expansion of present offerings, the revival of departments lost and the opening of new departments.

Chemistry, dentistry, agriculture, homemaking . . . As long as your youngsters grow to adulthood, marry and have children, there will be a need for homemaking. We hope to see this important department revived and soon.

We believe the future we envision for West Texas State College may best be achieved through establishment of separate boards of regents for all state colleges.

People of this area know the problems of West Texas State College better than anyone and are in the most advantageous position to cope with those problems. This is true of the people of areas served by other state colleges. Each should have a separate board.

We are pleased that two important gubernatorial candidates have expressed themselves inclined toward establishing separate boards for all state colleges.

Just Sort Of...

To us folks who earn their bill money writing about the goings-on of others, a portable typewriter means many things.

And I've never known a newspaperman worth his salt who didn't own -- or at least owe on -- one of the you-can-tote-it-with-you typing machines.

I've had a pair of them since I started punching a typewriter back on the Alexandria Daily Town Talk.

To me, each was sort of family.

The first one I sold, to another news fellow up in Tulsa. I traded the money he gave me for my second -- that is, it gentled the typewriter salesman enough so that he let me pack it off by owing him five bucks a month during a long and lean year.

I carted her around with me over much of the country until -- something happened.

She served me just dandy. She had more than the customary number of verbs, those necessary words when you're straining for a lead to hold the good reader's eye.

The two of us wrote stories about a cow which got herself stuck in a silo, and about a lady in Oklahoma City who announced she had only a year to live -- and 10 thousand bucks to spend.

Once, we boarded a plane into Ft. Lauderdale, Florida, and did some pieces on some married ladies who wanted to be known as "Mrs. America."

We covered conventions, my portable and I, and we wrote about integration in New Orleans.

One early morning she spelled out the names of 14 persons killed in a spring tornado.

I balanced her on my knobby knees another time and did a story on Killer Billy Cook, the

deranged no-good who erased a family in Missouri and then dumped their lifeless bodies into an abandoned well.

My portable was faithful. She'd always agree for me to coax the word I was seeking from her.

She was personal, too. I courted my wife with her, although Mary Jean insists I'm a bush league, you-never-write -- when-you're-away letter-writer.

And she was never a slouch around the first of the month, when it came time to peck some figures on a check.

Elliott, who's already announced he's "going to be a newspaperman, daddy," fumbled around with her before he started sleeping through the night without diapers.

She stood up kind of well, too, considering.

But my favorite nephew -- his name, naturally, is Bill -- came loping into Dallas last October and said:

"I sure would like to borrow your typewriter for a few days, Uncle Bill."

"Sure, Willie," I agreed. "Of course."

I'm pretty big on this family routine.

Bill and I must use different dictionaries. To me, a few days equals several.

Bill is up in Oklahoma now, exposing himself to the merits of becoming one of us news people. That's good.

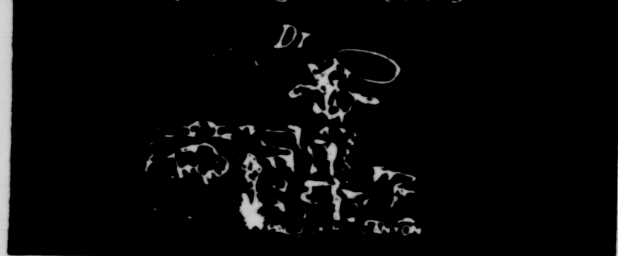

I reckon he wants to be salty, and a newspaperman has got to have a portable to carry around.

So I guess I'll just up and buy myself a new one.

Anyway, I figure I'll be even. Because Bill's pappy -- my brother -- gave me my first one.

There are more than 500 road-side parks in Texas.

Umbarger Rate Is Increased

The Randall County Commissioners has approved a tax rate increase to \$2.10 for Umbarger Common School District Number 11.
The previous figure was \$1.25 for each \$100 in valuation.
Judge Wayland Angel explained that the school district uses the same evaluation figure as the county and that total Randall evaluations have been reduced.

WHAT KIND OF A DISCOUNT?

Lately, the most used word of many advertisers seems to be "Discount." They give the impression that these firms are in business to sell things below their cost. Suddenly they have become philanthropists.

Of course you know such selling is not continuously possible. Either the price on "blind" articles of their own or unknown makes is higher, or service is discounted to a minimum. We continue our policy of dependability, fair prices and every possible service to please you.

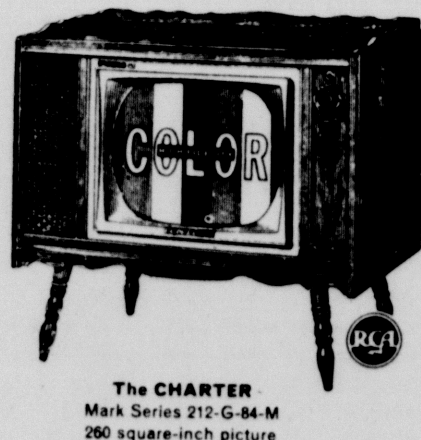

Your doctor can phone us when you need a medicine. Registered Pharmacist on duty 8 a.m. till 8 p.m. daily (Sundays and Holidays 8 a.m. till 6 p.m.). A great many people entrust us with their prescription. May we compound yours?

kins, and Mrs. D. C. Blatzheim. The show was held last Sunday in the High School Auditorium. --Staff Photo

Guests sit on the floor of the J. B. Roberts home, which was the first stop during the progressive supper given to honor graduating seniors of Canyon High. Japanese lanterns were strung in the house and gardens and objects of Eastern

art lent added color to the Oriental setting. Judy Roberts practices a hula amid a Hawaiian setting for the Luau that was the main course at the progressive supper.

Graduating Seniors Honored With Gay Progressive Supper

Graduating Seniors of the Canyon High School Class of 1962 were honored last week with a progressive supper which took them into foreign lands, over the ocean, and returned them to the home soil of America again.

A Far Eastern setting greeted them at the J. B. Roberts

home where guests were asked to remove their shoes Oriental style before entering. Punch and hors d'oeuvres were served under Japanese lanterns strung in the garden, patio and den.

A jaunt into Mexico took the young people to the Joe Frank home for the salad course. Colorful Mexican shawls, straw hats, and aluminum masks lent a genuine Latin air to the occasion. A real diversion was the pinata which was filled with candy and treats for the group.

The main course was a Hawaiian Luau held in the home of Mrs. Alfred Bellah. The rooms had been decorated throughout with palm trees, fish nets, and sea shells. The meal was served at low tables decorated with pineapples and leis at which the guests sat on the floor. Leis were given to each guest, and the girls were given orchids for their hair. To lend atmosphere to the setting, a group of hula dancers from Amarillo, and a band that played Hawaiian melodies during the meal.

For dessert, the travellers

Fairview Breezes

Church Services were well attended Sunday, and Brother Sullivan delivered an excellent sermon.

We received an inch and eighty hundredths of rain Wednesday afternoon. We had some small hail also, but not much damage was done in our vicinity; however, the Shipmans received quite a bit of damage.

Brother John Sullivan's mother from Petersburg, Va., is visiting in their home. She plans to be here two weeks, and will be here for the Ordination Services for her son next Sunday.

Brother Lou Allen, our former pastor, who has been serving in the Army as a chaplain in Korea, arrived last Sunday. He will move to California where he will be stationed.

Those visiting in the J. W. Wesley home Sunday were Mr. and Mrs. John Patterson, Brother and Mrs. John Sullivan, his mother and his children, Gloria, Marsha, Nathan and Vick.

Mrs. G. E. Wesley was ill Sunday.

Patricia Patterson had a vacation this past week and spent it at home with her parents.

C. R. Wesley was participating in the Junior Rodeo in Amarillo Saturday, but rain caused the Rodeo to be cancelled.

Mr. and Mrs. Willie Modette of Wayside, his mother, Mrs. Emma Modette of Haleyville, Okla. and her daughter, Mrs. Jane Burk of McAllister, Okla. were visitors recently in the W. R. Franklin home in Canyon.

Earl McAtee of Sayre, Okla., visited with his parents, Mr. and Mrs. W. H. McAtee in Canyon over the weekend. Larry McAtee, a grandson from Panhandle, and Mr. and Mrs. Lee Chandler, Borger, also were visitors over Sunday.

Marcia Barker Given Shower

Miss Marcia Nan Barker whose marriage to Brian Tolliver will take place on June 4, was honored Saturday May 19 with a personal shower in the home of Mrs. A. C. Haley Jr.

Hostesses for the occasion were Mrs. Haley and Pat, Mrs. C. F. Rogers and Gayle, Mrs. O. W. Parker, and Mrs. Vernon Mickey.

Miss Haley, Miss Barker, and Mrs. J. D. Barker, mother of the honoree and Mrs. Crannell Tolliver greeted guests at the door. The guest Book was kept by Nancy Lee Petruccione, a cousin of the bride-elect.

The bride's chosen colors of green and white were carried out both in arrangements of cut flowers used in the reception rooms, and at the serving table. White shasta daisies interspersed with greenery were the center piece and the table was spread with a white lace cloth. Iced lime sherbert punch and white cakes were served to the guests by Ineke Templeman, an exchange student from Holland, who has lived in the Haley home this year.

Seniors Cheryl McClure and Ann Adair walk off the Campus at Canyon High School following final exams, with Ann taking a farewell look at the buildings. A class of some 90 students will be graduated from CHS in exercises beginning at 8:15 o'clock tonight.

Article Discusses 'Senior Citizens'

By J. W. McCULLEY

Today is retirement day for someone, somewhere.

Today someone puts aside his trade, his profession, his business activity in which he's been a vital part, to find a new way of life as a senior citizen.

What to do? And where are all the right solutions? To whom can one turn and follow as the calendar becomes solely a reminder of the passing years?

Statistics of the needs and status quo of this century of the senior citizen are overwhelming.

In this country alone, more than two million men and women will retire from business and active professional tasks in the next three to five years.

In 1975 it is estimated there will be as many persons in our churches 65 years of age and older as there will be 17 years of age and less.

(Pd. Pol. Ad.)

If you are 45 years of age, you will likely reach 73. If you are 65, there is the possibility of reaching 100.

The chances are fairly certain that each one of us will live to a ripe old age.

As a result of modern day advances, more and more people are living beyond the four score and 10.

Although this era is oftentimes referred to as the era of youth, it is equally true that the persons past 65 are becoming a tremendous part and potential of our society and economy.

The needs of a deepened interest in the welfare of our senior citizens is before us today. The longevity explosion is becoming a great responsibility.

There are lots of people in Texas near 100 years of age. Let's not forget, it used to be a yardstick of the American way of life to teach reverence and respect for older persons. There was a time when homes were built to include families and relatives.

But, sad to say, due to the drawing board of the housing areas, there remains only a minimum living space, with little or no privacy for the sick and aged.

The need to turn new resources to our senior friends is becoming almost a desperate one. Few, if any, are looking forward to enforced idleness and a twilight of life spent in a rocking chair.

Many are working only a few hours a week to stay within their social security earning allowance. This curtailment of work and incentive is far from a happy solution to most older people.

Church members are already shouldering the provision of the needs of many persons in their

The Rev. Newton Starnes of Canyon will appear on the program of the Methodist Church's 53rd annual Northwest Texas conference in Big Spring beginning Monday.

The conference will be highlighted with the reading of appointments by Bishop Paul V. Galloway of San Antonio.

In this respect, the Christian heart cannot help but be warm and sensitive when it is reminded of God's Word: "Cast me not off in the time of old age; Forsake me not when my strength faileth (Psalm 71:9)."

"Now also when I am old and grayheaded, O God forsake me not; until I have showed thy strength unto this generation and thy power to every one that is to come (Psalm 71:18)."

Texas is shockingly behind in this endeavor. Pastors and lay-

Leisure Survey Set For Canyon

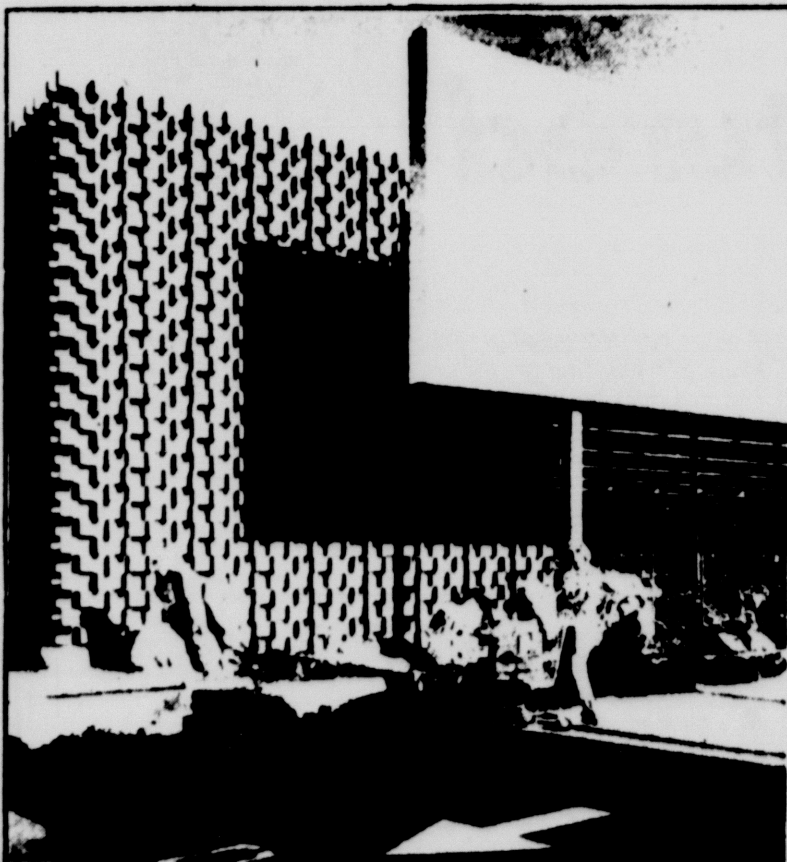

A two-pronged survey will be conducted in Canyon during the next several weeks. One part of the study will be on the leisure-time activities of modern Americans in all age groups. The other will involve interviews with a sample of local residents aged 65 and over. The study will be conducted by the National Opinion Research Center, a non-profit, non-commercial research agency affiliated with the University of Chicago. Mrs. Wanda Mitchell of Amarillo will conduct the Canyon survey. In all, some 14,000 households will be contacted during the nation-wide survey. Use the classified ad pages in The Canyon News to buy, rent or sell.

Judge Rules Destruction For Dog Which Attacked

A German Shepherd dog which attacked a woman near downtown Canyon will be destroyed, Corporation Judge C. P. Clark announced his ruling following an hour-and-a-half hearing last week. "I have tried to follow this testimony very closely," Judge Clark told the court. "I have no doubt of the honesty and interest of Mr. and Mrs. Tucker (Mr. and Mrs. Tommie Tucker, who own the dog)." The judge added, however, he had no assurance there wouldn't be another attack similar to the one on Mrs. D. S. Sanders. "My ruling will be the destruction of the dog," he added. Mrs. Sanders, 60, who lives in a trailer house near the post office, testified the dog attacked her as she was returning home from work at West Texas State College. "I'll always be afraid of that dog as long as I live," Mrs. Sanders told the court. Mrs. Sanders, who was treated for bites and bruises, testified the Tuckers paid her hospital bill. Tucker and his wife also took the stand and assured the court the dog would remain penned if they were allowed to keep it. City Animal Warden Ray Reynolds, Mrs. Clinton Oldham and Dr. J. L. Markham, veterinarian who operates the animal shelter, also testified. George Dowlen represented the Tuckers and Truett G. Hull, Jr., is the city attorney. The dog will be destroyed after the required waiting period.

Another Player Signed By WTSC

Another top high school basketball player has been signed by West Texas State College Coach Metz LaFollette. He is 6-foot 5-inch Joe Burton, who weighs 230 pounds, from Lynn, Mass. Last year, he averaged 15 points a game plus 17 rebounds. Burton is the sixth player, including transfer students, signed by WT this year.

'Play Ball' On Tap Monday For Little Leaguers

Scott Downing of the Giants warms up before the Cardinals-Giants Babe Ruth League game Saturday. The Cardinals came out on top, 15-2. --Staff Photo

Runs Order Of The Day In Ruth Double-Header

Runs were the order of the day in Babe Ruth League play last week as the White Sox whipped the Pirates, 13-5, and the Cardinals spanked the Giants, 15-2, in the second game of a double-header.

Only one game is scheduled Saturday, when the Pirates go against the Giants.

The White Sox managed its 13 runs on only five hits, two less than the Pirates gathered.

Don Howard, credited with the win, displayed his customary brand of control as the Pirates swung at the leather. Lonnie Neal took over for Howard briefly in the middle innings, but Howard finished the game.

The winning pitcher also added a three-bagger to the sustained White Sox attack.

Mike Mathis, with a pair of hits, contributed to the victory. Lynn Kelly and Neal each accounted for a hit.

Larry Pitt was the losing twirler.

The Cardinals counted 12 hits in their 15-2 win over the Giants, who got only two off Gary Winters.

It was the first time out for James Evans, the loser.

Winters helped win his own ball game with a left-field fence blast in the fourth.

Merrill Winstead and Max Sunderman were applauded for two fine catches.

Each team boasted good catching, Jack Stephens for the Giants and Brewer, a new player this year, for the Cardinals.

Sunderman scored for two singles his first two times at the plate.

Other hitters for the winners included Tom Lair, Phil Huckaba, Brewer and Brown.

Craig, Snapp Top Putters

Partners Jimmy Craig and George Snapp have won the season's first putting contest at the Canyon City Club.

Bob Childers and Mike Morris ended up in the consolation slot.

Fourteen players -- seven teams -- participated in last Friday night's play.

Club officials said putting tournaments are scheduled each Friday night during the summer.

They urged men and women to enter.

Quail Management

Hatchery raised bobwhite quail, by agreement with the Texas Game and Fish Commission, are available to 4-H Clubs and FFA Chapters for quail management demonstrations.

Details are available from Randall County agent John Brazzil and conservation officers.

Lake To Get U. S. Money

Texas -- including Buffalo Lake -- will receive almost \$515,000 in Federal aid for fish and game restoration. It breaks down this way: \$23,500 for fish and \$491,000 for game.

The state, under the Federal fish and wildlife program, will spend its own funds on approved projects and then be reimbursed up to 75 per cent of the cost.

The funds haven't been released for Buffalo Lake.

The funds came from an excise tax on sporting arms and ammunition and on fishing rods, reels, creels, and artificial lures.

Distribution is based upon the number of paid license holders in the state and its area.

Explore By Trolling

When exploring new water, slowly troll about, letting your lure bump around on the bottom.

When a fish strikes, turn around and drag the same place. Should there be a second strike drop anchor and fish there.

The classified ad pages in The Canyon News get results. Telephone OLS-2141 to buy, sell or rent.

Childers Wins Golf Tourney

Bobby Childers has won the Canyon City Club's 36-hole invitational medalist tournament with an impressive 140.

Gene Read came in second four strokes behind at 144 and Childers' father, Lloyd Childers, took third place honors.

Judy Bourland, left, and Carol Brown got a swimming start this week and took a pre-opening dip at the City Swimming Pool, which doesn't open officially until tomorrow. Obviously, they'll be back for some more of the same. --Staff Photo

Scotch Meet Dates Fixed

A 36-hole Scotch foursome golf tournament is on tap at the Canyon City Club June 2-3.

Players will pick their partners in the medal play, with as many flights being scheduled as are necessary.

John Whinnery said their handicaps will be totaled and the foursome will be given 80 per cent of it.

Whinnery should be contacted for further details.

Stewardship Week Slated

The Canyon Pastor's Association will participate in Soil Stewardship Week May 27 through June 3.

Soil and water conservation will receive special attention during the week, which was designated by the National Associations of Soil Conservation Districts.

Emphasis will be placed on the word "stewardship." The Soil Conservation Service here said farmers and ranchers "will be aware of three basic truths."

"1. They have been entrusted with the management of the nation's soil and water resources.
"2. They regard this trust as a great privilege.
"3. They recognize the importance of their faithfulness."

City Report Is Praised

The city's annual report published in The Canyon News last month has drawn praise from Amarillo's municipal government.

Amarillo's "Municipal Report," issued by the city manager, referred to Canyon's annual report as "excellent" and listed some of the major accomplishments during the fiscal year ending March 30.

"We would like to compliment Mayor (Delbert E.) Lowes, the city manager, Bill York, and our neighboring city of Canyon, for this excellent and informative annual report," the Amarillo publication said in an editorial entitled "Portrait of Progress."

"We also extend our very best wishes for the continued successful operation of Canyon's municipal government and for the continued growth and development of the City of Canyon," it added.

The editorial pointed out Canyon adopted the Home Rule Charter three years ago and, according to Mayor Lowes, "each succeeding year's operations have reflected the wisdom of the change - over in municipal government."

CANYON BUSINESS REVIEW and BUYER'S GUIDE

Canyon Glass and Trim has been serving customers in this panhandle area since May of 1961.

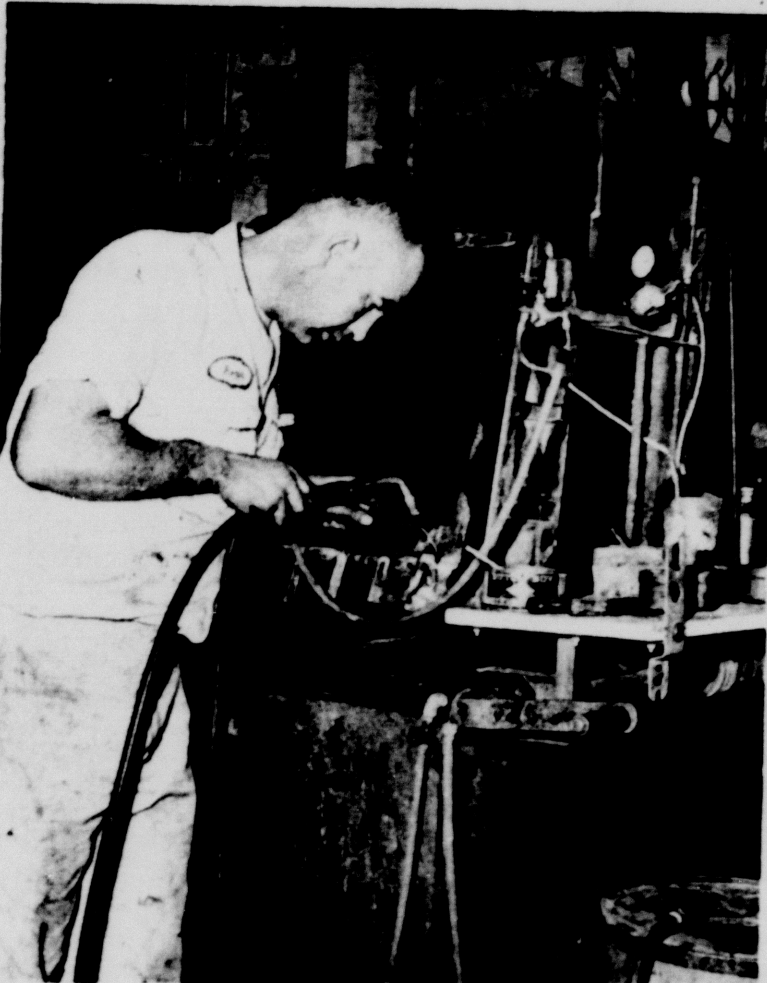

Since making a move directly across 23rd Street to a new business location, the Roger Schribb owned firm is branching out.

A line of work which includes automotive trim, interior remodeling of door panels, seat covers, and carpeting, is aligned with glass work, radiator repair and furniture upholstery.

Helping Schribb in his six day a week occupation is his wife, Carol, handling the more delicate jobs, and the elder Henry Schribb. New location is 605 23 Street. Business hours are from 8 a.m. to 6 p.m.

Roger and his wife are longtime residents of Canyon, having lived here for almost 20 years. They reside at 2613 13th Ave. They have three children, Gary, 10, Cindy, 9, and Debra, 8.

Before beginning his own business, Schribb worked in the Canyon Body Shop. He also has experience with the Ford and Chevrolet Companies here.

Green, Mathis Selected Top Seniors At West Texas

West Texas State College has picked its outstanding senior man and woman for 1962.

They are Aubrey Green of Lockney and Barbara Mathis of Borger, who were selected by a student honors committee.

The awards were presented last week during the traditional Senior Day and Awards Assembly, which opened pre-convocation activities at the college.

Zeta Tau Alpha, national social sorority, and Sigma Nu, national social fraternity, donated the plaques.

Bill Dyess of Stratford, senior class president, presided. He gave a charge of responsibilities to the juniors, whose president, Roy Max Perrin of Frankel City, responded.

Two selections by the A Cappella Choir, conducted by Dr. Houston Bright, closed the program.

Journalism awards of \$100

and \$50, for research papers on federal aid to education, went to Loman Jones of Brownfield, who was first, and Velma Arnold of Bushland, who was second.

Mrs. Joy Ellithorp of Canyon won the United Business Education Association award, given to the outstanding graduating business education student.

A Phi Gamma Nu award to the student with the highest scholastic average in business went to Laura Johnson of Amarillo.

Benjamin Gamez, a Hereford senior, won the Alpha Kappa Psi, national business fraternity scholastic award.

Three accounting awards, for students scoring highest on accounting tests, went to Gordon Shaffer of Hereford, for elementary accounting; Kirk Walters of Silverton, Intermediate accounting; and Harold Shropshire of Amarillo, graduating senior accounting.

Patricia Rooney of Amarillo was named the outstanding freshman chemistry student.

Awards given by Phi Delta Kappa, national men's education fraternity, went to Mrs. Mary Sturkie of Amarillo, as outstanding future elementary teacher, and to Aubrey Green of Lockney, the outstanding future secondary teacher.

Alice Ann Douglas of Sunray and Barbara Campbell of Ralls won the senior English awards.

History awards were given to Peggy Sue Hales of Canyon, highest scholastic average in world history; Mrs. Betty Robinson of Hereford, highest average in American history; and Betty Graham of Tulla, outstanding graduating senior in history or social sciences.

Three students received mathematics awards. Joyce Slough of Dimmitt received the Edna Graham Scholarship, Alan Hanks of Canyon took the Ex-Students Association achievement award and Doug Dowd of Midland won the freshman achievement award.

The Pauline Brigham honor award to a member of Mu Phi Epsilon, national music sorority, was given to Judy Haddon of Wichita Falls.

David Ostrander of Amarillo was awarded a book as the outstanding sophomore physics student.

The Mattie Swayne Mack award for a junior member of Alpha Chi, national honor society, was given to Bill McKenzie of Levelland. The scholarship is \$100. McKenzie also received a trophy from Alpha Phi Omega, national service fraternity, for "outstanding service to the West Texas State community."

McKenzie and Ginny Johnson of Amarillo won the "Mr. and Miss Student Union" trophies, given by Chi Omega, national social sorority, for contributions to campus social activities.

Karen Hill, junior history major from Follett, was picked as the outstanding woman in social sciences and received another Chi Omega award.

Dr. Ted Crager, chairman of the Department of Music, and Dr. Houston Bright, choir director at the college, will be in charge of the camp.

ATTENTION, CITIZENS of the 94th DISTRICT!

DO YOU LIKE BEING FOOLED?

Like it or not... YOU HAVE BEEN!

Over the past six years, many of us have been beguiled into believing that the incumbent candidate for State Representative has been a staunch supporter of Panhandle Labor, Teachers, Farmers, Ranchers, Small Business, Independent Gas and Oil Producers. While pretending to be "all things to all people" he in fact has been single-mindedly serving ONE special-interest group. According to the official House Record, THE INCUMBENT HAS VOTED HAND-IN-GLOVE WITH THE "BEAUMONT BLOC"... A HARD-CORE GROUP OF LEFT-WING LIBERAL LEG-

ISLATORS TIED TO THE PURSE STRINGS OF THE DOWN-STATE UNION BOSSES. It is ironic, indeed, that the Panhandle--the very seat of rugged individualism--should keep sending a man to Austin who so diligently works for the interest of Port Arthur, Houston and Galveston... while our own interests go "begging" for attention! The Incumbent has made numerous CLAIMS concerning his accomplishments, his influence, his intentions. BUT WHAT HAS HE ACTUALLY DONE? Let's lift up the rug of camouflage and look at the bare facts!

THE INCUMBENT CLAIMS:

that he will take steps to revise the unfair Merit Rating Auto Insurance Plan.

THE FACT IS:

he was a member of the INSURANCE COMMITTEE of the 57th Legislature, WHICH MADE NO MOVE WHATSOEVER TO DO ANYTHING ABOUT IT!

THE INCUMBENT CLAIMS:

to have 1) secured a 75% increase for higher education and a 40% increase in faculty pay, 2) improved care in State institutions for mentally ill, retarded and handicapped persons, 3) established a program for improvement of Farm-to-Market roads, 4) established the first paid parole program for adults, and 5) secured a 47% increase in average old-age assistance and medical care administered by the State.

THE FACT IS:

all of the measures for which he is claiming credit were included as a part of Senate Bill No. 1, which HE VOTED AGAINST!

THE INCUMBENT CLAIMS:

to have been responsible for effecting the Teachers' Salary Increase.

THE FACT IS:

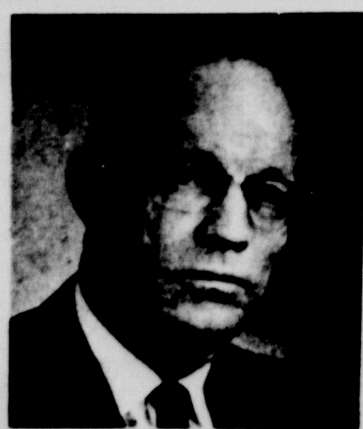

the HALE-AIKEN COMMITTEE recommended this legislation. THE INCUMBENT WAS NOT A MEMBER. What's more IF THE MAJORITY OF THE LEGISLATURE HAD VOTED AS HE DID ON SENATE BILL 1, IT WOULD HAVE KILLED THE TEACHER'S INCREASE!

THE INCUMBENT CLAIMS:

that he will PREVENT legislation that would put additional taxes on the independent oil and gas producers and royalty owners.

THE FACT IS:

Representative Eckhardt of Houston--LEADER OF THE RADICAL "BEAUMONT BLOC"--authored a tax on Panhandle oil and gas producers. THE INCUMBENT, A MEMBER OF THE OIL AND GAS COMMITTEE AT THAT TIME, ACTIVELY SUPPORTED THE BILL AND VOTED FOR ITS CONSIDERATION!

J.M. (RED) SIMPSON is neither "left" nor "right"! He believes in sound, "common-sense" government, the kind that Panhandle folks have practiced since Pioneer days!

Your VOTE FOR "RED" on JUNE 2nd is needed to help stem the tide of big-government domination that threatens to engulf us all!

(Pl. Pol. Adv. sponsored by Simpson supporters and advocates of better government)

Branding Irons for "best acting" in West Texas State College's Branding Iron Theatre during the year were won by these four students. They were among award winners in the BIT's "Academy Awards program" which honored winners in acting, directing, and technical work. From left, back, Gary Wyatt of Dimmitt, best actor in a drama; Lanelle Blanton of Dimmitt, best actress in a singing role; front, Barsha Fowler of Dalhart, best actress in a drama; and John Robert Wheelock of Canyon, best actor in a singing role.

SCS Notes

Farmers and ranchers interested in a complete soil and water conservation plan on their farm or ranch should consider the Great Plains Conservation Program.

It was enacted to help speed up conservation work by cost sharing, credit, and technical assistance in soil and water conservation; crop insurance; weather studies; research; and education.

The program emphasizes land use changes and wind erosion control and moisture conservation. The program guarantees Federal cost sharing for applying needed conservation practices for a long period (up to 10 years).

A contract based on a conservation plan developed by the producer and the contracting officer of the Soil Conservation Service, acting for the secretary of agriculture, is signed for 3 to 10 years. Length of the contract depends upon the amount of work needed to be accomplished.

The amount of cost sharing you get will range from 50 percent to 80 percent of the average cost of installing the practice. You are responsible for making your own plan of operations.

It must be technically sound and acceptable to the Secretary of Agriculture. You may obtain help from your local Soil Conservation Service technician. Soil and range site maps and other information will be provided.

The 1962 National Stubble Mulching Contest will be held in Wichita Falls, June 27-29. Brochures are available by writing Earls Sargent, chairman of the 1962 National Stubble Mulching Contest, P. O. Box 1860, Wichita Falls.

North Randall News

Congratulations to Mr. and Mrs. Joe C. Detten, Route 2, Amarillo. A baby daughter arrived May 18, weighing 7 lb. and 4 oz. Her name is Debra JoAnn. She's Joe and Judy's first child.

Happy Birthday (Belated) to Mrs. Cirdie Simpson, May 16th; Mrs. Walter Cooke, May 17; Mrs. Charles Fowkes, May 18th; and Mr. Ben Wilson, May 19th.

Recent dinner guests in the home of Mr. and Mrs. Charles Fowkes and family were Mrs. Troy Lane of Amarillo, and Miss Virginia Mitchell of Washburn.

A birdie told us that Jo and Janis Crafton were recent patients in the Osteopathic Hospital for tonsillectomies. Get well soon.

Have you done your Girl Scout Good Deed for the day? Let's

all sit down right now and send a Get Well card to Miss Cynthia Holcomb, in Northwest Texas Hospital, Room 541, Amarillo, Texas. We were so very sorry to hear that Cynthia was taken ill, and are praying she makes a very speedy recovery. Cynthia is one of the Intermediates in North Randall County Girl Scouts, she is the daughter of Mr. and Mrs. Charles E. Holcomb, of Amarillo.

Mr. and Mrs. Jack Munn of Waco, Texas, visited in the home of Mrs. Lucille Munn.

The Pinning Ceremonies for Girl Scouts and Brownies of Troop #3, will be held May 26, in the Scout House in Canyon, at 8:00 p.m. May we urge all parents, please to be present for this ceremony. This is an important event in your daughter's life, and it means so much more, when Mother and Daddy are there.

Mrs. Robert Detten and Mrs. Tom Detten attended an Alumnae Breakfast at The Village Pancake House in Amarillo. Mrs. Robert Detten was one of the first graduates of St. Mary's Academy. A breakfast is held annually, and Mrs. Detten has missed very few. Mrs. Tom Detten was in the Class of 1949.

Guests last week in the home of Mr. and Mrs. Evert Johnson and family were Mr. Johnson's brother, Mr. and Mrs. Paul Johnson.

Mrs. Laura SoRelle is a patient in St. Anthony Hospital for a general checkup. Mrs. SoRelle is the mother of Mrs. J. L. Upshaw.

Mr. and Mrs. Evert Johnson and children were recent visitors in Plainview. Visiting their Parents Mr. and Mrs. Wiley Johnson and Mrs. Carrie Thompson.

Mr. and Mrs. Henry Wilson of Clarendon visited Friday with their daughter and family Mr. and Mrs. Bobby Johnson.

Drama Drive At \$54,260

All divisions of the Symphonic Drama Campaign will meet in Amarillo today and report their collections.

Exactly \$54,260 -- or 15.5 per cent of the \$350,000 goal-- was collected through last Thursday.

"Symphonic Drama will add another great dimension to the recreational and cultural opportunities in the Panhandle," Robert O. Mills, president of the Amarillo Chamber of Commerce, told a meeting last week.

"One of the first things industry seeks in areas where plant locations are contemplated is good recreational and education facilities," he added. An amphitheater will be built in Palo Duro Canyon State Park, where symphonic drama will be presented.

Mr. and Mrs. Stanley Sauer and children visited in our community with their former neighbors Saturday. Mr. and Mrs. Sauer have recently moved to Dumas.

News Notes From Wayside

The Rev. Taylor gave the sermon last Sunday.

Four girls held a piano recital here Monday night.

School was dismissed on Friday, May 18, in Wayside and in Claude.

We had a welcome rain, and some hail.

The school program was held on Tuesday, May 15.

The club from Wayside is meeting with Mrs. Bryce Payne

in Amarillo this week.

School will be out at Happy on Tuesday, May 29.

We are all sorry to hear that the Baptist preacher, The Rev. Taylor, and his family, have moved back to Arkansas.

Working for Texas

Meet a fellow Texan: Preston Smith.

Preston Smith's story is in the best Texas and American tradition—a farm boy who worked his own way to an education and a place of honor in his business and community life.

Born in the heart of Texas, at Georgetown, he moved with his family to Dawson County in 1923 when he was 10 years old. He went to school at Sunset, Lamesa, and Texas Tech. In his adopted home town of Lubbock, with his wife Ima and their two children, he now carries out the full responsibilities of a typical Texas business and civic leader.

A steward at St. John's Methodist Church—member of the Salvation Army Board, the Kiwanis Club, the Chamber of Commerce, the Texas Farm Bureau—these are some of the activities close to the heart of Preston Smith, citizen.

He did not stop there. In his daily pursuits Preston Smith came to realize that business and government are closely related in the American system—and that without good government we cannot have a favorable climate for good business. A man of direct action, Preston Smith went into the business of government. He served six years in the Texas House of Representatives and six in the Senate.

Senator Smith has supported sound statewide legislation for better schools, roads, welfare and conservation. He took the lead in establishing a permanent building program for state colleges. He had the integrity to support necessary state spending and the courage to oppose extravagance and waste. In government, as in business and at home, Preston Smith believes in meeting our obligations and paying our bills.

Having proved himself as one of the best-rounded, best-equipped, best-informed and most highly respected Texans in both his private and public careers, Preston Smith was a logical candidate to succeed Ben Ramsey as Lieutenant Governor of Texas.

Voters in 102 counties gave Preston the lead over four opponents in the First Democratic Primary. Now he is in the runoff. He got there without the support of any self-serving group or power bloc. His opponent has the endorsement of labor leaders and other special interests who want to dominate our state government.

Preston Smith asks only for the votes of individual Texans who want a Lieutenant Governor without any strings attached. He is depending on independent-minded Texans everywhere to vote for him on June 2.

Elect your independent candidate for Lieutenant Governor—

PRESTON SMITH

FAN

Mrs. Norman Glenn likes all her Frigidaire appliances but she admits that she is partial to her refrigerator.

"It has such a nice freezing unit," Mrs. Glenn declared. "That refrigerator is my pet. You know I'm a Frigidaire fan anyway."

Mrs. Glenn lives at 1902 Eighth Avenue. Her husband operates a dairy.

"My husband and son get their clothes so dirty that it really takes something to get them clean," Mrs. Glenn reported, "and my Frigidaire

washer really does. I don't know what I'd do without my dryer either."

Mrs. Glenn works at M. E. Moses, Her Frigidaire refrigerator gives her ample storage space for the material for the cooking she likes to do, her washer and dryer help to give her the necessary time and her Frigidaire range does the rest of the job.

In fact her four grandchildren are delighted with the goodies they always are certain to receive at grandmother's house.
